## SOCIALIST SPRING TICKET

Lewis W. Hardy, for city clerk and Robert H. Howe for city treasurer head the Socialist ticket for the coming city elections.

The real effort of the Socialists to land another alderman in the city council is to be made in the Fifteenth ward, though in twenty-nine of the thirty-five wards of the city the party has put forth aldermanic candidates.

The party's candidates for aldermen follow:

Second Ward—U. F. Poree.

Engdahl, the Fifteenth Ward candidate, was a candidate for congressman at large last fall, and in 1912 he was the party candidate for clerk of the Superior Court. He runs in the same ward where Alderman Rodriguez, Socialist, polled a big vote last spring.

The Studebaker gold car is the feature of the Chicago Auto Show, and is said to be the most expensive ever built. It is an evolution of the gold chassis of a year ago, yet more magnificent. It is a series 18, six-cylinder, seven-passenger touring car, with Victoria top, finished in white enamel and gold. Over 400 ounces of 24-carat gold, it is stated, were used in finishing this car.

All metal parts are finished in gold with the exception of the body, which is in white enamel, with hairline stripings of gold. The Victoria top is of white leather, lined inside with white moire silk, and the white leather upholstery harmonizes with its gold finish.

The car is mounted on a huge French plate mirror, with a floor spread of velvet. The mirror reflects the chassis construction and enables all who view the exhibit to observe its simplicity of construction and accessibility. The gold finish lights up the little details of both body and chassis and shows the finish of manufacture.

Charles L. Frey, for many years warden of the county institutions at Dunning, and a veteran who is popular with everybody, is meeting with great success in selling the F. C. Lindquist "Arthur Donaldson" cigar.

## THE BIG AUTO SHOW

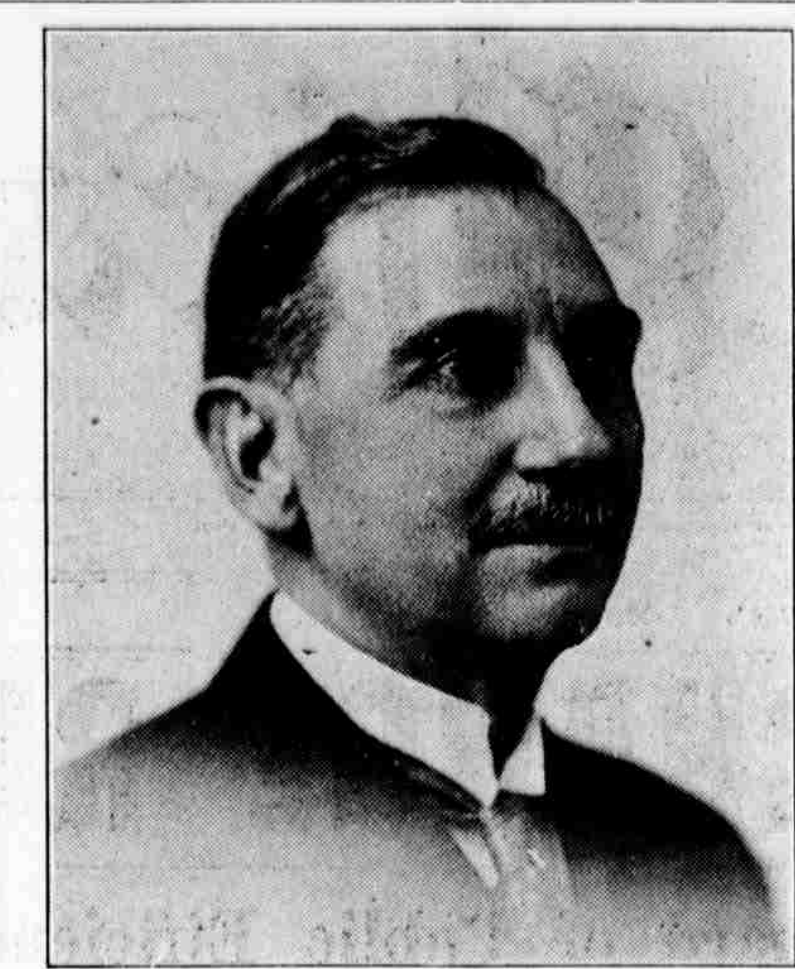

"The show of super-prosperity" is not "hyperbole" in describing Chicago's national automobile show of 1917," says Manager Samuel Miles.

The scenic background of the 1917 show, according to artists who have studied the sketches and plans, "would grace the coronation of a monarch," and it has been designed and executed at a cost of \$50,000. For months a force of artists and workmen have been busy embodying the big scheme at the Tietzel studios at Evergreen Park. An idea of the immensity of the task is given by the fact that the decorations for the 1917 show were approved last March, and work was started immediately.

One novelty in the decorative idea will be the use of mural panels of scenic art glass. Globes ornamented in art glass atop huge pillars will add impressive touches to the illumination, and from the heights 200 glowing art glass clusters will suspend. The prevailing tones of the decorative theme will be amber, green, old rose and black. The scheme will be carried out almost to the point of duplication in the First Regiment armory and there will also be conformity in the decorations in the Coliseum annex and the Greer building.

## WATER ON THE BRAIN

All factions in the Prohibition party were brought together when delegates in conference at the Hotel La Salle unanimously agreed to co-operate with the Intercollegiate Prohibition Association to get all the dry forces to concentrate on a plan to pledge a candidate for Congress in every congressional district in the country to prohibition. ## POLITICAL CALENDAR FOR 1917

Feb. 6—Preprimary registration day.

Feb. 7—Last day for filing primary petitions with city clerk.

Feb. 27—Municipal primary.

March 13—Pre-election registration day.

April 3—Municipal election.

Aug. 22—Preprimary registration day.

Sept. 12—Judicial primary.

Nov. 6—Election of ten judges of the Superior Court.

The registration days during the coming year are only for those who have moved since the biennial new registration days in October, or who move in the future.

## MONEY FOR TAXPAYERS

Real estate owners—payers of special assessments—apparently do not know that there is in excess of a million dollars in the city treasury in the shape of rebates and refunds to property owners which is theirs for the asking. In the annual report of the Board of Local Improvements the statement is made that the property owners seem disinclined to take the trouble to collect this money. This would indicate that the board is willing to help owners if they will help themselves. The Board of Local Improvements has in mind a bill to be presented to the Legislature, Senate Bill No. 51, designed to permit the city to use moneys unclaimed for rebates and refunds for more than five years after the rebates have been declared and property owners notified.

## Grand Auto and Taxi Service.

Just think of it. The American Auto & Taxi Co., with offices and garages at 1810 Wells street and 2441 Michigan avenue, is only charging ten cents for the first third of a mile in one of their new 7-passenger Lozier cars; only ten cents for each one-third of a mile thereafter; five cents for each additional passenger per trip and \$2.50 per hour for 1 to 6 passengers. Telephones Lincoln 4008 or Calumet 2798.—Advertisement.

## FOR U. S. SENATOR

Albert J. Hopkins of Aurora, former United States senator, with a good record, is in the field for election to the Senate next year.

Other candidates on the Republican side, talked of are:

Medill McCormick,

William H. Stead,

William Hale Thompson,

B. M. Chipperfield,

Fred W. Upham.

A senatorial race in 1918 in Illinois is bound to bring the old G. O. P. and progressive fight to the fore again. Recent developments in the east, where efforts have been made to replace William R. Wilcox as chairman of the Republican national committee, and George W. Perkins' activity indicate an inclination on the part of certain bull moose to split things up again. Harold Ickes and Raymond Robins have been laying their lines quietly here, and while Roosevelt might personally like to see McCormick get the toxa it is believed that Ickes and Robins would not.

There is a growing feeling in the community that the Board of Local Improvements should be abolished. Since its creation it has been a burden on the taxpayers and a never ending source of joy to tax eaters.
